

LAKE ERIE BIOFUEL STORAGE TANKS

CLIENT - Benham Constructors
LOCATION - Erie, PA
COMPLETED - May 2007

DESCRIPTION

Awarded in August 2006, Matrix Service was contracted to design, fabricate, erect and paint 20 storage tanks in Erie, PA.

Building tanks in Erie, PA during the winter months is not an easy task. Our procurement, design and field erection teams arrived on-site in October optimized to face the weather challenge ahead. Following a safe and diligent completion to construction, our paint subcontractor was able to begin painting by the first of March.
